

Christian SANDJON MOTIO

Junior FULL STACK Developer

Disponible immédiatement

After 3 years studying Computer Science at EPHEC, I acquired skills in UML analysis, BPMN, Front-end web development (HTML, CSS, JavaScript, JQuery, Angular, Ionic ..) , Back-End Development (Java, JEE, Spring, SpringBoot, Hibernate, Maven, Grap, PHP, .NET, MySQL, SQLServer,).

I also took a training in mobile application development during which I learned Android, with Android Studio in Java and IOS with Xcode in Swift 4. Today, my goal is to integrate a company of the sector. IT, to improve myself and share my skills.
